**12<sup>th</sup> October 2017**

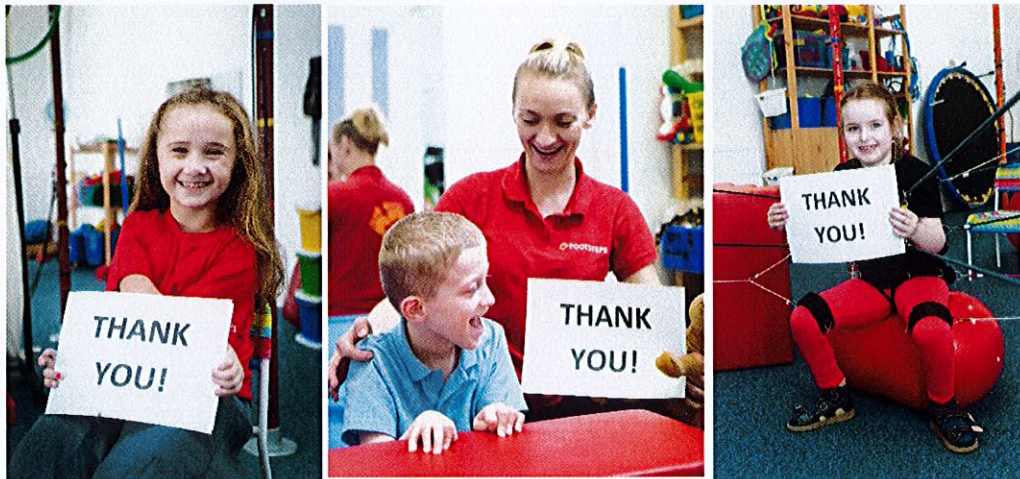

**Dear Ms McSean**

**Thank you for your kind support!** I am writing to thank you for your generous donation of £5085 raised at the Ferrari Fun Day and Cowley Classic Car Show.

Your contribution will help to fund intensive physiotherapy for children and young adults affected by cerebral palsy and other neurological disorders, helping them to develop in confidence, independence and physical mobility through the Footsteps intensive physiotherapy programme.

Your donation will help children like Emma, Ben and Grace in the pictures below. Children that can't walk very well come to Footsteps to help them get stronger. Footsteps physiotherapy helps them to learn new things that we may find easy, but are hard for them: like picking up a cup, getting up from the sofa, putting on clothes and standing up straight. One day they may even be able to take their first Footsteps!

**Some of the children at Footsteps have their own special thank you for you:**

**Best wishes,**

A handwritten signature in black ink, appearing to read "Maggie Davies".
