06 October 2014

Dear Caroline and Ian,

I am writing to acknowledge receipt of your kind donation of £4,324.00 following the very successful Family Fun [Marfan Awareness] Day. We had such a wonderful time and our supporters were so very grateful for a fun day and a place to meet and speak to others who have Marfan syndrome. Our supports spoke about how they had felt quite alone when faced with their son or daughters diagnosis and the Family Fun Day not only allowed them time to meet other people, but answer some medical questions and go for a ride in your wonderful cars which made their day, so thank you for your very kind support and donations we are so very grateful. Your kind donation will allow us to complete our work on our Paediatric guide to Marfan syndrome. This guide will then be distributed to all General practices, hospitals and awareness events in the hope more information is spread about Marfan syndrome which will help with early diagnosis which in turn we hope will help to save lives.

Your kind support of our research into Marfan syndrome, which takes place in the Sonalee Laboratory here at St. George's Hospital, will be noted on all Paediatric guides published and on our website. On behalf of the Marfan Trust, I would like to thank you for your kind contribution.

For your support we are most grateful.

Yours sincerely,

Shannah Adams
Fundraising Administrator
